Moana Hotel

Summer Rates:

On and after May 1 the Moana Hotel at Waikiki will offer special rates for the summer season, up to November 1. The Moana Hotel is located on the most delightful curve of Waikiki Beach and, with the bathing facilities, added to the excellent cuisine, service and cool rooms, single and en suite, make the Moana Hotel a delightful summer home. The Moana is a modern, thoroughly up-to-date hotel and its superb location makes its doubly attractive to townfolk.

SPORTS

WIERD RACES AT THE SKATING RINK

"MAJOR" HART CAPTURES THE RACES AT THE SKATING RINK LAST EVENING.

"Major" Hart won all of the races last evening at the rink in which he was allowed to enter. Summer was a close second.

The first race was a potato race and it consisted of appearing a lot of potatoes and placing them in a sack. The race was hugely enjoyed by the crowd.

The second race was an obstacle race. A barrel and several other things were in the way. The men had to crawl through the barrel and it was highly amusing to see seven men trying to crawl through one small barrel.

The large crowd present last evening roared at the sight again and again. Probably a funnier event was never held in Honolulu than the obstacle race.

Next Wednesday evening the third of the relay races will be run. Saturday morning children's races are on the board.

Prevalence of disease in Iwilei was brought up by President Pinkham. He remarked that the "Act to Mitigate" was now inoperative and said that he thought conditions might be much bettered if the problem were handled with more common sense and less impossible moralizing and legal technicality. The matter was deferred for future discussion.

President Pinkham announced that he would visit the Loper Settlement next week, to look over the proposed new water supply. He submitted, later he had addressed to Dr. Walter Brinckerhoff, director of the Federal Institution, offering to supply the hospital, laboratory, etc., with a maximum of 200,000 gallons of water every 24 hours for \$200 a year. This charge would be a fair proportion of the expense for upkeep of the water works, but nothing toward cost of plant or renewals. The available resources of water in Waikiki valley amounted to about 4,000,000 gallons every 24 hours. Dr. K. Yanagihara was appointed Government physician for Hanalei, Kauai, on motion of Dr. Wayson, seconded by Mr. Fernandez. This application was held over at the previous meeting owing to a doubt if an alien could hold the office.

SULLIVAN MAY FIGHT.

A fighter from the Philippine Islands is here and he wishes to have a go with Sullivan for the welterweight championship of the islands. He will probably be accommodated. Hulihul has been working with the new man a little and he says that the new man is a match for Sullivan.

GETTING READY FOR RACE.

The Long Beach Tribune recently contained an article on the coming ocean yacht race. It speaks of the Yacht Lurline and says that her owner Commodore Sinclair has ordered new sails and would take the boat soon to San Diego where she would go on the ways in order to have her under body scraped.

NEW BOAT HOUSE.

The plans for the new boat house for the Kunalu Rowing Club are now finished. The house will be built between Young Bros. and the Myrtle Boat house. The building will be of two stories. The lower to contain all of the boats, lockers, dressing rooms and so forth and the upper to be the social room. When the boat house is finished the club will have one of the coolest houses in the islands of its class.

Madames Nani Alapai and Lei Lehua
"Reveries of Offenbach".....Conradi
Waltz—"The Sylphs".....Waldteufel
Polka—"A Good Kiss".....Coote
"Star Spangled Banner."

PREFERRED UNCERTAINTY.

"Do you intend to submit the matter to arbitration?" asked the reporter. "The cool augurate frowned. 'Not on your hip of anarchy,'" he responded, feelingly. "Just as like as not arbitration would confirm our suspicions that we are wrong."

NATURALLY.

"I have no use for the man who apes the doings of these society people." "No, he only makes a monkey of himself."

PLANTATION ASKED TO PAY

BOARD OF HEALTH THINKS IT SHOULD PUT UP FOR DIPHTHERIA QUARANTINE.

The Board of Health decided yesterday afternoon to call upon the plantation at Laupahoehoe to pay a part of the expenses of the quarantine established by Dr. Irwin, government physician when during the outbreak of diphtheria last February. The expenses amounted to \$233.35. At a previous meeting the bills were referred to Dr. Judd and A. Fernandez. They reported as a committee yesterday that government physicians were not authorized to establish quarantines and that there was no fund from which to pay such expenses, but that Dr. Irwin had done what he thought best under the circumstances.

The committee thought that the interests of the plantation were most involved in the quarantine by which the disease had presumably been prevented from spreading, and recommended that the plantation pay half. It proposed that the Board pay the services of the guards at the rate of \$1.50 instead of \$2 a day. Also that the bill of \$173.35 for supplies be divided—the board to pay \$82.50 for the food used, and the plantation \$90.85 for such supplies as cooking utensils, blankets and lanterns which the committee regarded as unnecessary purchases and not in the possession of the Board of Health. Further, the committee strongly urged that the board should adopt a definite policy for governing such cases. After the report had been discussed it was agreed that the president write a letter to Dr. Irwin which should embody the conclusions of the committee and form the basis of a precedent.

Young Girls

Avoid The Dangers and Sufferings of Womanhood

Many a girl who graduates from high school or female college with a brilliant record and high standing is broken down before she is twenty.

Nowadays girls are pushed to the limit of their endurance both in school and society. They must make a success—even if they are forever unfitted for the larger school of life and debarrd from the happiness of motherhood.

At this time of life, when just entering upon womanhood, nature makes heavy drains upon the vitality, especially at each monthly period,

Lydia E. Pinkham's Vegetable Compound

the most wonderful of all tonic restorative medicines for women, will tide a young girl over this trying time and bring her safely into strong, noble, beautiful womanhood.

Experience of a Beautiful High School Girl

My DEAR MRS. PINKHAM:—I write to see if you can suggest some means to cure me. A little more than a year ago I was unwell for the first time, and since then I have been sick all the time in some way or other and suffered with painful and irregular periods. I went to a summer resort for my health and was doctored all summer, but to no effect. I have not been unwell for two months and thought I would see if you could do me any good. I attend High School and would not like to miss any time if it is possible. MARION BARBER, North Adams, Mass.

Miss Barber writes again after two years

My DEAR MRS. PINKHAM:—Some time ago I wrote to you for advice, being troubled with irregular and painful periods and female troubles. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and using the Sanative Wash, and I am glad to say I am completely cured and have not had any sickness since. I wish to thank you for your kind advice and shall recommend your medicine to my girl friends. MARION BARBER, 101 Bracewell Ave., North Adams, Mass.

Free Advice for Young Girls

All young girls are earnestly urged to write to Mrs. Pinkham, at Lynn, Mass., for advice. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge. Thousands of women are well, strong and beautiful to-day because they made a confidant of Mrs. Pinkham and followed her instructions at this critical time of their lives.

Points to Consider When Piano Buying

The piano must be full toned—deep and resonant, not shallow and tinny. It must have a good action—not too easy, because the too-easy kind soon get loose and rattle. The case must be made of genuine hard wood—not a cheap stained imitation. Then the material must be of the very best. If you buy a Fischer piano you are getting all these good points and we sell the Fischer on easy monthly payments.
